

## Member Discount Program

Exclusively designed for SICBA member companies in the construction trades, the Verizon Wireless discount program affords eligible member businesses a **22%** monthly discount on the their wireless and Push to Talk services. For your company to qualify for the program 90% of your company's revenue must be obtained through one of the categories listed and you need to have one corporate line and 4 additional lines (employee, family and/or air card for lap top). In addition, once enrolled, the program extends an **18%** discount to your employee's personal cell phones. Discount available on plans \$34.99 per month or higher. Discount NOT available on unlimited calling plans.
